Description

We have created a brick duplex with the warmth of a single family home. Upon entering the foyer, a great room with an eleven-foot ceiling, built in media center and cozy fireplace awaits you. Travel through the foyer to the kitchen open to a hearth and dining room with optional fireplace accessing a rear-covered porch. The laundry room with a built in ironing board center is centrally located and just steps away from the kitchen. For the utmost in privacy, the master suite is located away from the two additional bedrooms and full bath. The luxurious master bathroom has a corner whirlpool tub with glass block, a separate shower, private toilet area, large walk-in closet and private access to the rear porch. A double car garage with storage room complete this lovely design.
