Description

These stylish homes flanked with columns and balcony is actually a multifamily design creation by Nelson Design Group. Each of these identical homes has three bedrooms, two full baths and a great amount of storage. A dining room is located on the front of the home and has a column entry and views the kitchen through a convenient serving bar with seating. This well-planned kitchen has plenty of counter space, storage and is just steps from a half-bath and laundry room. The master suite is located on the main level and has a lovely ten-foot boxed ceiling, large walk-in closet and an elegant private bathroom with whirlpool tub and glass shower. The upstairs includes a computer center, full bathroom with private vanities and two bedrooms both accessing the front balcony. Family members will be secure in knowing that they have a nearby neighbor to rely on as well as a shared driveway or gathering area.
