Description

This spectacular design is an exceptional creation by Nelson Design Group. Two gorgeous homes adjoined by a common porte cochere make for a wonderful shared area for neighbors – add a basketball goal and you have a courtside seat! Each private residence has a front covered-porch with tapered columns atop rock pillars and a rear-porch privately located behind the garage. These well-planned interiors have a large great room with fireplace and a quaint breakfast nook centered between the dining room and spacious kitchen. The master suite is placed on the main-level and includes a private bathroom with all the amenities and a large walk-in closet with shelves. The upper level has four additional bedrooms and two full bathrooms. One bedroom has a private bathroom and large walk-in closet making the perfect set-up mature family member. A convenient computer/study center is located just at the top of the stairs for easy supervision.
