- Depth In.: 3

Description

One word to describe this European style home is luxurious, another would be massive. This home is filled with amenities and luxuries throughout. The massive great room has a crisscross diagonal pattern of exposed timber beams in the ceiling and a huge fireplace. 2 sets of French doors open to an incredible covered veranda. Relaxation is guaranteed in your enormous master suite with a windowed corner and private access to a covered porch. That relaxing continues into the master bathroom where you'll find a raised whirlpool tub, a large corner glass shower with seating and an enormous walk-in closet with his and hers sides. The master bathroom even has a coffee center to help you get going in the morning. The kitchen is a cook's dream with a separate refrigerator and freezer, double ovens, large island with a cook top, additional sink, and an ice maker. Plenty of counter top and the large pass-thru to the great room make this perfect for entertaining. A hearth room is open to the kitchen and has a fireplace, built-ins, a breakfast area, and access to a grilling porch. Guests are sure to enjoy their bedroom which features a unique 45

degree angle design, a full bathroom, and a walk-in closet. Entertaining will be easy upstairs as well in the huge game room and continues through the 2 sets of French doors out onto the upper covered veranda featuring a fireplace. You can take pride when you show off the incredible home theater with stadium seating. 3 more bedrooms are also upstairs, each one with ample walk-in closets and full bathrooms. Down a corridor that features a computer center and more closet space is a hobby/bonus room over the garage. Last but definitely least, this house even has an elevator!
