Description

The blending of stone, siding, and cedar shake along with the impressive timber work makes this rustic home very striking. The front covered porch with its massive wooden columns and stone bases welcomes you in. The great room has a fireplace, is accessible to the grilling porch and is open to the kitchen and hearth room. The kitchen features a peninsula bar and a large walk-in pantry and is adjacent to a butler's pantry and a kid's nook. In the master suite you'll find a bay window to let in plenty of natural light. And in the master bath, surround yourself with luxury from the whirlpool tub and glass corner shower to the huge walk-in closet. Upstairs you're sure to enjoy the possibilities with bedrooms 3 and 4, each having a walk-in closet, and the flex room, bonus room/home theater, and another optional flex room.
