Description

Build your craftsman style dream home with this amazing house plan. The grand front porch will welcome friends and family into your home where you'll find the seamlessly open floor plan allowing your Kitchen, Dining Room and Great Room to flow together into one large living space. Not only will this allow for laughter and conversation to be uninterrupted, it also gives you the most out of both your front and rear view. Privately tucked away on the right side of the home is the Master Suite which displays a beautiful vaulted ceiling and a large bathroom. On the opposite side of the home is the huge Laundry Room that doubles as a Mudroom and can even be used as a Hobby space. You'll also find a hall bath and Bedroom 2 as well as the hallway to the 3 Car Garage with a bonus room above. Upstairs balcony over looks the great room and leads to a extra Bedrooms/Loft with a bathroom for convenience.

Out door living was a MUST in the rustic home. The huge screened in porch on the rear of the

home will give you the perfect place to host summer get togethers with the whole family.
