Description

SMN 1065

Terrace Run Cove is the Northeast Arkansas Home Builder's Association Showcase Home of 2020! This stock plan cannot be built in Craighead County, Arkansas. Originally derived from La Maison Point – SMN 1022, Terrace Run Cove is a sleek European-style home plan with strong contemporary modern inspirations! Cool gray brick makes up the exterior of this house plan. Offset by sharp black fascia and soffit, Terrace Run Cove has a bold, striking curbside view! Great transom windows emphasize the contemporary modern inspirations by eliminating the traditional panel frames.

This European vision is 2,509 sq.ft. with 4 bedrooms, 2 full baths, and 1 half bathrooms and

encapsulates main-level living. This home plan is the perfect size for any family. A prominent feature is the rear screened porch with back-to-back fireplaces on the shared wall of the Great Room! A decadently spacious chef's pantry hidden behind a kitchen cabinet entry proves the Terrace Run Cove floor plan is more than meets the eye!

Open Floor Design

Terrace Run Cove offers main level living with privately positioned Master Suite wing. There's plenty of space for all in this European home design! The covered front entry opens into the modest foyer with Bedroom 2 on the right. Ahead, the foyer opens into the Great Room open floor design. The Great Room holds a cozy gas fireplace for warming the next cool evening! Flowing smoothly into the Kitchen, a bar island greets welcomed guests. Additional seating for up to 4 offers a more casual snack space, while the Kitchen sink and dishwasher are neatly out of the way, yet within easy reach. Terrace Run Cove offers a Kitchen to make a chef's dreams come true! Expansive counterspace remains unbroken and ready for the most elaborate prep work! In a unique, fresh design, the chef's pantry is hidden behind a cabinet door. This fantastic design provides an extraordinary amount of pantry space without sacrificing Kitchen room!

The Dining area is a fluid transition from the Kitchen and overlooks the back property. The Dining space leads into the screened porch area for a relaxing nightcap after a satisfying meal! The dual fireplace keeps the chill at bay and sets a comfortable atmosphere for any season! An open patio off the screened porch offers a more natural option with an outdoor fire pit.

Split Bedroom Layout

Bedrooms 2, 3, and 4 reside on the right portion of this contemporary modern house plan. Terrace Run Cove ensures each bedroom received a comfortable level of privacy! As mentioned, Bedroom 2 is the most forefront. A modest step-in closet offers hanging space for belongings and wardrobes. Bedroom 2 receives an gracious amount of natural lighting from the front-facing windows. All the better to highlight the vaulted ceilings! Bedroom 2 has easy access to the half bath across the foyer.

Bedroom 3 and Bedroom 4 are mirrored at the front and rear of Terrace Run Cove. With a larger closet space, these bedrooms share a full bath in-between. With a double sink vanity, morning and

nightly routines are easily maneuvered in this shared space! A roomy linen closet provides organization for towels and linens!

Main Level Master Suite

The Master Suite wing for the European-style Terrace Run Cove is located on the left portion of the house plan. The private entrance is accessed from the Kitchen/Dining space that leads into the Master Suite bedroom. Gorgeous vaulted ceilings elevate the space for a luxury design. The Master Bath is a vision of elegant luxury! A large dual sink vanity provides incredible counter space and frames the freestanding bathtub. In a hot, new design, the freestanding tub sits in the middle of the bathroom and is backed by a narrow wall. This holds the electric fireplace behind the freestanding tub for a true luxury experience!

Behind the freestanding bathtub is an enormous tile shower! A center-placed drain makes it simple for a rainforest shower head inclusion! In the rear corner of the tile shower, Terrace Run Cove has dedicated space for a proposed sauna and sitting bench!
