Description

MEN 5322

From award-winning designer Michael E. Nelson comes a stunning addition to our Country House Collection. Willow Winds is the perfect house plan for your growing family. A breathtaking arched entry paired with arched windows offers tons of curb appeal to catch the eyes of your guests. Inside you will find a large open space below a vaulted ceiling holding the great room and kitchen, which holds not only an eat-at island, but also two pantries, plus a butler's pantry leading into the formal dining room. A breakfast nook tucked into a cozy alcove offers an alternative space to enjoy family meals, and a 10-foot porch makes for the perfect outdoor living space. The left side of Willow Winds holds the luxury master suite. Dual vanities, a glass walk-in shower, and a free-standing tub make the master bath, and a large walk-in closet as the potential for expansion, if you

need. The right side holds bedrooms 2, 3, and 4, which share a bathroom in the hallway.

Bedrooms 2 and 3 each enjoy walk-in closets, and bedroom 4 may also be used as a game room.
