Description

MEN 5320

From award winning home designer Michael E. Nelson comes a rustic addition to our Riverbend House Plan collection. Rivers Edge is a multi-level weekend getaway that offers both indoor and outdoor living options for your growing family. This 3 bedroom cabin concept offers 2 stories and a beautiful open floor plan concept. Metal Roofing pairs nicely with the shaker exterior and wooden accents, not to mention the spacious covered and screened in porch options.

Open Floor Design

Upon entering Rivers Edge, you're greeted with tall vaulted ceilings, a beautiful stone fireplace and tons of room for your gathering space. The open kitchen concept overlooks the dining and great

room space with an eat-at kitchen island and cabinet storage that wraps around on 3 sides. Natural lighting illuminates this open floor plan with both windows and doors leading out onto the wrap around porch.

Main Level Master Suite

The master suite of Rivers Edge offers beautiful views of your property and plenty of room for your private getaway from the rest of your family. The master bathroom offers a double vanity, a soaking tub, open shower, private toilet room and a large walk-in closet for all of your storage needs. You'll feel right at home in this cozy abode.

Upper Level Living

Upstairs in Rivers Edge, you'll be drawn into the spacious sleeping loft overlooking the great room and its stone fireplace. You'll also find access to both bedrooms and the guest bathroom right off of the sleeping loft as well. Take in the views from the multiple windows offered upstairs as well.
