Description

MEN 5344

From award winning home designer Michael E. Nelson comes a brand new European House Plan. Inglewood Place is a fantastic open floor plan with a great option for addition space upstairs. A striking white brick exterior contrasts beautifully with the black accents and classic detail for a stunning curb appeal. The upstairs of Inglewood Place is complete bonus space, offering a 4th bedroom, bonus room, and an upstairs bathroom in between.

Open Floor Design

Heading on in under the covered front porch and through the double door entry, find the spacious great room, accentuated by the vaulted ceiling, rustic beam detail, and tall brick fireplace. The

hearth/dining room just off of the great room offers yet another great gather opportunity. An eat at kitchen island connects the dining room and kitchen for a great entertainment element that we all need. Natural light illuminates the two rooms beautifully showing off all of the great storage potential in the kitchen cabinets and pantry.

Bedrooms

The master bedroom of Inglewood Place offers tons of space and loads of natural light. A large walk-in closet offers tons of space for all of your clothing items while the master bathroom features a double vanity, perfect for couples, along with a private toilet room, walk-in shower, and free standing tub. Bedrooms 2 and 3 can be found on the opposite wing of the house plan with a shared bathroom included in the hallway.

Customizing This House Plan

Make this house plan into your dream home!

We understand that when it comes to building a home you want it to be perfect for you. Our team of experience house plan specialists would love to be able to help you through the process of modifying this, or any of the other house plans found on our website, to better fit your needs.

Whether you know the exact changes you need made or just have some ideas that would like to discuss with our team send us an email at: info@nelsondesigngroup.com or give us a call at 870-931-5777 What to know a little more about the process of customizing one of our house plans?

Check out our [Modifications FAQ](#) page.
