Description

MEN 5100

From award-winning designer Michael E. Nelson comes the newest addition to our Country House Collection. New Haven Place is a stunning luxury home which first welcomes you with a classic white exterior and stone accents that form a gorgeous front porch, creating tons of curb appeal. At the center of the home is a stunning great room, featuring a stone fireplace with a media center. Open to this space is the kitchen, complete with a walk-in pantry, a high eat-at bar, and a breakfast nook separated by an L-shaped counter. A formal dining room is also located on this level, and on the left side of New Haven Place you will find a luxury master suite. A walk-in shower, double vanities, and a free-standing tub make for the perfect master bath, and a spacious walk-in closet enhances the luxury. Upstairs you will find bedrooms 2, 3, and 4, as well as two

public bathrooms and a large bonus room. The hallway doubles as a balcony overlooking the great room below, further adding to the character of this home. An outdoor living space under a vaulted ceiling is perfect for lounging, and a 2-car garage will surely satisfy your storage needs. How would you customize this amazing house plan?
