Description

MEN 5364

From award-winning designer Michael E. Nelson comes the newest addition to our European House Collection. The Aberdeen is the perfect luxury home plan to suit your family's needs. A white brick exterior paired with both European and craftsman elements creates a unique curb appeal that is sure to turn heads. A grand hall and foyer lead you to a massive great room with timber beamed ceilings that will take your breath away. A large eat-at center island separates the kitchen from this space, and to one side you will find a hearth room with a second fireplace and a large walk-in pantry to the other. The master suite of The Aberdeen lies below a stunning vaulted ceiling, and the luxury master bath features two separate vanities, a large walk-in shower, a free-standing tub, and two massive walk-in closets, one of which enjoying access to a spacious laundry

room. Bedrooms 2 and 3 are located on the opposite side and share a Jack and Jill bathroom with their own walk-in closets and toilets. Upstairs holds bedroom 4, which enjoys private access to a public bathroom, as well as a walk-in closet. A bonus room is also located above the 2-car garage. How would you customize this amazing house plan?
