Description

NDG B1056

A stunning addition to our Barna Log House Collection, The Alpine incorporates large picture frame windows into gable dormers for an eye-catching curb appeal. Stepping inside from the side Deck will take you into the large Great Room, which shares a ceiling with the Loft above. The stone fireplace adds warmth to this space, and moving to the right opens you to the Kitchen/Dining Room combo. The Kitchen features a center island with seating for 4, perfect for chats with the cook or casual snacking. A walk-in pantry offers ample storage of all the cooking essentials and ingredients, and an adjacent half bath will prove convenient for your dinner party guests. Sharing a hallway with the half bath are the Laundry Room, featuring a sizeable closet, a spacious walk-in closet for extra storage, and access to the rear Covered Porch. This Covered Porch spans the

entire width of the home and is perfect for watching the kids play outside, or even just enjoying the fresh air with friends and family.

On the left side of The Alpine, you will find your enormous Master Suite. The master bedroom has plenty of room for a king-size bed and all your favorite furniture, while the walk-in closet is sure to hold all your wardrobe essentials. Take a soak in your relaxing whirlpool tub, separate from the corner shower, in your private Master Bath. Upstairs is the perfect space for the kids! A spacious Loft overlooking the Great Room below will serve as a great TV area or playroom and is flanked by Bedrooms 2 and 3. These bedrooms are equally spacious, with two attic space closets, and share the full bath just outside the Loft. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing info@nelsondesigngroup.com or calling 870-931-5777
