Description

NDG B1050

A stunning addition to our Barna Log House Collection, The Ridgecrest showcases a beautiful contrast of log, board and batten, and stone to create a classic country curb appeal. The front wrap-around porch leads you inside, where you are met with the spacious Family Room with a fireplace and staircase to the upper level and optional basement. The Family Room opens into the Dining space, which in turn allows you access to the rear Grilling Porch and Sunroom on the left side of the home. With the Dining space open to the Kitchen, The Ridgecrest offers you and yours so many opportunities to gather! Through the Kitchen and past the large center prep island, you will step into the Mudroom, which doubles as a Laundry Room and leads way to the walk-in pantry. From here, you can access the Garage Vestibule, merging into the 2-car garage and

opening onto the porches on either side. To the right of the Family Room, a hallway leads you to Bedroom 2. Across the hall from a linen closet and the half bath, Bedroom 2 boasts a walk-in closet and a view of the front porch. At the end of the hall is your Master Suite, complete with two walk-in closets and a Master Bath that is sure to have you relaxing those stressful days away. Upstairs is the huge Loft, with cozy dormers along the front of the home. This space would be perfect for a playroom or game room, or even just a place for the grandkids to stay! How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing info@nelsondesigngroup.com or calling 870-931-5777
