Description

NDG B1048

A stunning addition to our Barna Log House Collection, The Woodbury first greets you with a breathtaking front porch, complete with timber columns framing a craftsman style gable to make your entry grand. As you walk inside, you will immediately find yourself in the expansive open floor plan, beginning with the Great Room. Here, nights will be spent around the fire as you cozy up with family to keep warm. The rear of the house plan holds the Dining/Kitchen space, complete with a center island for meal prep and serving and is separated from the Great Room by a bridge above, overlooking the entire open floor plan. The left of the Dining/Kitchen space leads way to the large pantry, as well as direct access to the Deck. This Deck leads onto the Screened Porch, which adjoins the Dining/Kitchen space on the right side.

From here, you can retire to your Master Suite, conveniently across from the Laundry Room. The huge master bedroom of The Woodbury boasts a cozy bay window to the right that will make for the perfect sitting area! A spacious walk-in closet allows for maximum storage of all the essentials, and the Master Bath will ensure your privacy. On the opposite side, Bedroom 2 shares a similar bay window to the left and privately accesses the hall bath. This bedroom may also be used as a home office, if desired, and a walk-in closet offers plenty of storage opportunities. Upstairs is perfect for the kids! A large Loft can serve as anything you need, from a game room to a TV room. The 4-foot Bridge leads you to the other side of this level, where you can store extra necessities, or give the kids another space to play. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
