Description

NDG 1390

A stunning addition to our European House Collection, Auburn Dale is nothing short of stunning. Arched windows pair with a massive arched covered entry and a porte-cochere for a striking exterior. A grand Foyer welcomes you into the open floor plan, beginning with the Great Room, where a fireplace pairs with natural lighting to add warmth to the space. To the left, the large Kitchen will spoil you and your guests with an eat-at bar, prep island, and walk-in pantry. The Dining Room/Office matches the coffered ceiling of the Great Room, and the Breakfast Room both views and opens onto the rear Covered Porch. The Covered Porch extends into a Grilling Porch/Outdoor Living Space, where you and your guests will enjoy a wood burning outdoor fireplace and outdoor grilling kitchen. Bar seating is also featured here, located along the edges

where the porch converts to a huge Patio.

The spoils of Auburn Dale continue in the Master Suite, with a stunning, octagon-shaped ceiling. A huge whirlpool tub awaits you in the center of the bathroom, as does the spacious glass shower. Two walk-in closets are separated by a Laundry Room: “Her” closet features a center chest of drawers and a desk, while “his” closet doubles as the safe room. Nearby is a half bath and space that could be used as a media room, exercise room, or study. The Guest Suite is found just off the Kitchen, and the bathroom can be publicly accessed from the Outdoor Living Space, perfect for pool days! Upstairs, Bedroom 3 is very spacious and boasts private access to a luxurious bathroom, complete with a desk, huge walk-in closet, whirlpool tub, and corner tile shower. There’s also a huge optional media room, a balcony overlooking the Great Room, and another optional bath on the 2nd floor. Through the porte-cochere, a massive motor court offers plenty of space for parking as well as space for the kids to play. How would you customize this amazing house plan?
