Description

NDG B1045

A stunning addition to our Barna Log House Collection, The Rutledge welcomes you inside through warm, front-facing windows throughout its log exterior. The front of the home is flanked by two covered porches, each offering a separate entry. Inside, you will immediately find yourself in the Living Room, where the open floor plan makes the Kitchen and Dining Room visible. The Dining Room looks out onto the right front porch, and a center island in the Kitchen allows for three people to sit and chat with the cook. A nearby half bath lies adjacent to the pantry, and these enclosed spaces pair with the stairs to offer some privacy to the Den/Study/Office at the rear of the home plan. The Laundry Room has designated space for a deep freeze. On the far left side of The Rutledge, your Master Suite awaits. The master bedroom enjoys plenty of natural lighting from

front- and side-facing windows, as well as a private Master Bath, and you will never run out of wardrobe space in your walk-in closet. Upstairs, Bedrooms 2 and 3 enjoy cozy dormers to lounge in, as well as tons of storage space for clothing or any other essentials. The Balcony makes calling the kids to dinner easy, and the hall bath is flanked by two attic space closets, perfect for board games, toys, or bulky winter clothes. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost. Contact one of our home plan specialists today to discuss modification requirements by emailing
