Description

SMN 1021

From award-winning designer Seth M. Nelson comes a stunning addition to our Craftsman Bungalow House Collection. The breathtaking rustic design of Ridgewood Cove makes the perfect statement. Stone and brick siding are complimented by beautiful timber trusses and a shake siding gable. The open Foyer leads straight into the great room and kitchen, where you will find 10' ceilings, a split kitchen island with seating and a connected dining room. Through the kitchen is a hallway leading to the laundry room, half bath, study, and 2-car garage. On the opposite side of Ridgewood Cove is the master suite, complete with a luxurious master bath, with lots of counter space, a whirlpool tub, and a tile shower, as well as a massive walk-in closet. Downstairs is a walkout basement, where you have a separate living area with a kitchenette and 3 bedrooms.

Bedrooms 2 and 3 share a Jack and Jill style bath, while a public bathroom is found across from bedroom 1. Also notice a safe room and a storage room, where your HVAC unit and Water Heater can be located. And we can't forget about the outdoor living! Covered porches are located on both the top and bottom floors. How would you customize this amazing house plan?
