Description

NDG 1415

A stunning addition to our European House Collection, Addison Place showcases a breathtaking exterior contrasting brick siding with stone and shake accents. Inside this elegant home, the 10-foot ceiling of the spacious Foyer continues into the formal Dining Room, separated only by 8" boxed columns at the corners. Looking ahead, you are able to see the wonderful open floor plan incorporating the Great Room, Kitchen, and Breakfast Room into one space, sharing a beautiful vaulted ceiling. The Great Room is separated from the Kitchen by an eat-at center island, which features a sink and dishwasher that face the Great Room fireplace, allowing for constant gathering with family. Two banks of windows look out onto the optional Screened/Grilling Porch, where a corner outdoor fireplace is sure to keep you comfy on even the coldest nights. From the hallway

separating Foyer from the open floor plan, your guests can immediately access their bedroom, which includes a walk-in closet and adjacent hall bath.

Farther down the hall is the luxurious Master Suite of Addison Place. The master bedroom boasts vaulted ceiling, with natural light pouring in from rear-facing windows and a side door accessing the Screened/Grilling Porch. The impressive Master Bath is sure to relax you, complete with a corner glass shower with a seat, a whirlpool tub, and a huge walk-in closet. Bedrooms 2 and 3 are located on the opposite side and share a hall bath in between. You'll appreciate the Kid's Nook located just before the 2-car garage entry that features a bench with hanging space and storage bins to keep the entrance free of clutter. Last but certainly not least, family is sure to enjoy the Bonus Room located over the garage. How would you customize this amazing house plan?
