Description

MEN 5254

From award-winning designer Michael E. Nelson comes a stunning addition to our Rustic Ridge House Collection. Mountainburg Place is ready as a permanent lakeside retreat or town living! Crisp, white brick envelop the mountain-style home plan punctuated with pops of natural stone and rich, warm wood Craftsman accents. Inside, the great room below a stunning vaulted ceiling shares a space with a luxury kitchen, complete with an eat-at island and walk-in pantry. Outdoor living with a cozy fireplace offers an additional space to gather, and the breakfast area is a nice alternative to the formal dining room. The master suite of Mountainburg Place enjoys a private master bath, fully equipped with double vanities, a glass walk-in shower, a free-standing tub, and a

massive walk-in closet. On the opposite side are bedrooms 2 and 3, each featuring a walk-in closet and private bathroom. Upstairs you will find bedroom 4, a public bathroom, a game/media room, and a large bonus room. A 3-car garage enhances the luxury of this home, complete with a storage closet and a safe room. How would you customize this amazing house plan?
