Description

NDG 663

A stunning addition to our Traditional House Collection, Thomas Road uses columns lining the covered front porch to create curb appeal that is sure to give your guests a warm welcome. You'll love the view from this foyer. Stylish French doors lead to the Guest Room/Study on your right, while elegant columns flank the entry to the formal dining room on your left. At the heart of this home is the great room with a fireplace and the well-equipped kitchen. An eat-at counter and breakfast room make quick meals easy, and the covered grilling deck offers an additional space to entertain. The real gem of Thomas Road, however, is the master suite. A split bedroom design provides this suite with a satisfying privacy, and a sitting area tucked into a cozy alcove makes for the perfect way to spend your quiet nights. The upper floor of this home allows for two options of

your choosing, whether you need an additional bedroom and bath or just a bonus space. How would you customize this amazing house plan?
