Description

NDG B1007

A stunning addition to our Barna Log House Collection, The Baxter has curb appeal full of charm, with gable accents and unique window designs. Stepping inside from the classic front porch, you will immediately find yourself in the spacious Great Room, where the cozy stone fireplace makes this space perfect for gathering. Moving toward the rear of the home takes you farther into the open floor plan, where the Kitchen and Dining space form one space for even more gathering opportunities. An eat-at bar counter allows for casual snacking and chats with the cook, while the bay windows surrounding the Dining space are sure to add a lovely ambience to your meals. The right wing of The Baxter is occupied entirely by your Master Suite. Natural lighting is in no way lacking, and you have plenty of wardrobe space, with a walk-in closet and modest step-in closet.

The Master Bath has tons of amenities, including a stacked washer/dryer, large shower, and dual vanities. Upstairs is devoted to bedroom 2, featuring a full bath and storage closet. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
