Description

NDG B1015

A stunning addition to our Barna Log House Collection, The Blue Ridge welcomes you and your guests inside as you step onto the front porch from the right side. Upon entry, you will find yourself in the open floor plan, which incorporates the Great Room, Kitchen, and Dining Room into one large space. The cozy fireplace serves as a prime gathering place in the Great Room, and Kitchen joins with the Dining Room to create a wonderful space for family meals beside a bank of windows. On your way to the Master Suite, you will pass by a small laundry area, as well as the hall bath. The Master Suite enjoys a sizeable closet and looks out to the front porch, while Bedroom 2 across the hall enjoys a walk-in closet. Up the stairs of The Blue Ridge is a large Loft with attic space and a full bath, complete with dual vanities and a spacious closet. The right side

houses Bedroom 3, with plenty of closet space for wardrobe favorites. How would you customize this amazing house plan?

NOTE: Barna plans are intended for log exterior walls. Converting these to 2X6 exterior walls requires modification and will be subject to additional modification cost.
