NDG B1018

A stunning addition to our Barna Log House Collection, The Coventry features warm wood siding and a stone chimney which accentuate the lovely wrap-around porch. Inside, you are first met with the Great Room, made cozy by the stone fireplace to the right. Moving farther into the home, you will find an open space housing both the Kitchen and Dining Room, making for quality family time and gathering. A convenient half bath is found nearby, and you will surely enjoy listening to the serenity of nature out on the Grilling Porch. You will also find peace in your private Master Suite, located on the left side of The Coventry with an en-suite bathroom and plenty of space for comfy furniture. Bedrooms 2 and 3 are perfect for the kids and are tucked away upstairs with a designated full bath. This home plan gives both you and the kids privacy while also maintaining a

sense of togetherness. How would you customize this amazing house plan?
