Description

NDG 541

A stunning addition to our Craftsman Bungalow House Collection, Timber Drive boasts of a large front porch with round columns adorning its cedar shake and siding design. High ceilings are carried throughout this plan, and columns separate the foyer from the formal dining room and study. A split bedroom plan has the luxurious master suite with all the amenities, including a cozy alcove, whirlpool tub, glass shower, and walk-in closet, enjoying privacy from the other two bedrooms and full bath. The large great room with a boxed ceiling and cozy fireplace views a large covered grilling porch for ultimate family gatherings. Extra seating is available at the angled bar counter, separating the kitchen from a large breakfast room. An upstairs gives two options for a bonus room or fourth bedroom with a full bath.
