Description

NDG 566

A stunning addition to our Traditional House Collection, Thomas Road pairs spacious family areas with a split bedroom design to create maximum privacy while also maintaining a sense of togetherness. 8-foot covered porches are used on the front and rear of this lovely home, in addition to a corner Screened Porch, for pure enjoyment of the seasons. Inside, a vaulted ceiling enhances both the Great Room and Breakfast Room, which opens to the Kitchen to allow for ease in entertaining. A convenient computer room is also hidden in the kitchen corner for the heads of the home to keep organized. On the right side of Thomas Road are Bedrooms 2 and 3, with a hall bath in between. Slightly smaller of the two, Bedroom 3 can also be used as a home Study and has a spacious walk-in closet. On the opposite side of the home is the Master Suite, just outside

the Laundry Room. The master bedroom boasts private access to the Grilling Porch, while the Master Bath features luxuries of a dual sink vanity, corner glass shower, whirlpool tub, and large walk-in closet. Stairs located a few steps from the kitchen and Master Suite lead up to a Bonus Room above the 2-car garage with creative ceiling heights and plenty of attic space. How would you customize this amazing house plan?
