Description

NDG 230

A stunning addition to our European House Collection, Main Street is a magnificent home with historical architectural details throughout its interior and exterior. You will be able to greet guests on the elegant front porch before leading them inside to gather in the spacious great room with a cozy corner fireplace. French doors opening to the rear covered porch allow you to watch the children at play, and an eat-at island across from a cozy breakfast nook is a nice alternative to the formal dining room. Upstairs, you'll discover the large game room with a computer center. All bedrooms are designed with ample closet space and individual baths, but the real gem is the master suite. Here you can experience your own private balcony and proudly reminisce about one of history's finest eras. The master bath will take you back into modern times with luxuries of a

whirlpool tub and a glass walk-in shower. How would you customize this amazing house plan?
