Description

This home plan blends charming craftsman style accents with European design to create beautiful curb appeal. The main floor of this home boasts a large great room complete with a cozy fireplace and plenty of natural light from the outdoor living porch. The open floor plan is only broken up by a stately 8" arched brick opening leading from the great room into the kitchen where you'll find a large island with a high bar and a connected dining room. Around the corner are two large pantries, a mudroom and separate laundry room, half bath and the entrance to the 3car garage. On the opposite side of the home is the luxurious master suite with a huge bathroom, his and hers walk-in closets and a great view to the back of the home. You'll also find bedroom 2 with an en-suite bath on this side of the home. Head down to the walk-out basement where you're met with the game room and connected kitchen as well as an exercise room, office and bedroom 3.

****Unfinished Basement is 756 Sq. Ft****
