Description

NDG 603

A stunning addition to our Colonial Classical Federal House Collection, Autumn Drive uses crafted columns and a large porch below a covered balcony to make it the talk of the neighborhood. Entry to the main level leads way to the spacious great room, which lies before a cozy fireplace. Open to this space is the breakfast nook, where an eat-at bar counter separates it from the kitchen. The kitchen enjoys tons of counterspace, and a swinging door allows for easy access into the dining room while also keeping meal prep separate. A full bathroom and laundry room can be found to the left of the hallway leading to a large game room. Here, there is plenty of space for a billiard table, as well as a round table perfect for poker nights with friends. A kitchenette accessible to the rear grilling porch makes it the ultimate space for entertaining.

Two Upper Levels

Upstairs, the second level of Autumn Drive features a lovely Master Suite with a private bath full of amenities, including a corner whirlpool tub and separate shower, his and her vanities, and a large walk-in closet. Opposite the master suite, an additional bedroom and office/nursery share a Jack and Jill bath with private vanities.

There is an optional, additional upper floor, making up 1148 square feet. Bedrooms 3 and 4 are found here, mirroring each other on the left and right sides, respectively. Toward the rear of the Autumn Drive house plan is a luxurious bathroom, with a dual sink vanity, a corner whirlpool tub, and separate corner shower. On the opposite side, at the front of the home, is a shared TV room. This is perfect for two older children to have their own space. How would you customize this amazing house plan?
