Description

A unique exterior combination helps to give this Nelson Design Group home its excellent curb appeal. Observe the openness of this floor plan from the moment you step inside the foyer. Only elegant columns divide the dining room, spacious great room, and breakfast room. Prepare meals in the well-equipped kitchen and keep an eye on the kids as they play in the sun room. Show off your grilling skills on the huge rear grilling porch and adjoining deck. An amenity-filled master suite, three additional bedrooms, and ample storage in the three-car garage complete the main floor of this home. The lower floor houses a game room with kitchen space and nearby safe room, a home theater room, and a private guest room for company.
