Description

Welcome your guests through the elegant arched entry of this Nelson Design Group home. As you make your way into the great room, you'll notice the columns that frame the entrance, as well as those near the dining room. This well-equipped kitchen was designed with the chef in mind and offers easy access to the adjacent breakfast room and nearby grilling porch. At the end of a long day, the master suite will call your name. A ten foot boxed ceiling helps to enhance the bedroom while a whirlpool bath and glass shower accent the master bath. Three additional bedrooms should provide just the right amount of space for the kids or guests and feature walk-in closets.
