Description

NDG 999

A stunning addition to our French Traditional House Collection, The Lawrence pairs a classic brick exterior with European style archways and rooflines to create an elegant curb appeal. As you enter through the Foyer, you'll notice the columns that define the Dining Room, making this space perfect for formal dinner parties. Just ahead, the Great Room features a media center and fireplace, and French doors accessing the rear porch offer a great outlet for entertaining guests during the warm seasons. To the right, you will enter a space that is sure to have the whole family gathering. A cozy Hearth Room will become the favorite room in the house with a computer center nearby, and a center eat-at island in the Kitchen joins these spaces together. The Breakfast Room at the very rear is nestled before a bay window, pairing your morning coffee with a relaxing view.

To the right, your in-laws will truly appreciate their private suite, featuring a bathroom with all the amenities, including a whirlpool tub and separate shower, and a spacious walk-in closet and linen closet. On the far left side of The Lawrence are the rest of the bedrooms. The Master Suite is found toward the rear of the home and features a very spacious bedroom with a cozy sitting area before a charming bay window. The Master Bath leads to the right at an angle and enjoys luxuries of a dual sink vanity, a corner whirlpool tub and glass shower, and a huge walk-in closet. Down the hall are Bedrooms 2, 3, and 4 as well as a hall bath. Bedroom 2 can also be used as a study and features a front-facing window flanked by book shelves, a walk-in closet, and a private full bath with dual vanities. Upstairs, you'll discover a Bonus Room over the 3-car garage that can be converted into a playroom for the kids when company drops by. How would you customize this amazing house plan?
