Description

Wonderful street appeal and a lovely-covered porch. This traditional home has the utmost in amenities. Privacy is an added feature as the foyer totally separates the bedrooms from the living quarters. Boxed ceilings in the great room and master suite add elegance as do the 8" columns that frame the formal dining room opening. A built-in computer center is centrally located for family to enjoy while the kitchen has a direct view of the entire living areas and access to a rear grilling porch. The master bathroom has a whirlpool tub, double vanity, shower, and a private toilet room. Also, a large walk-in closet in the master bathroom keeps a clutter-free bedroom. The master suite also has private access to a rear patio and rear entry garage.
