Description

This historically inspired home with covered porch and balcony make this plan a perfect family haven. The front porch leads into the foyer which separates the great room from dining room and leads to an upstairs. The great room has a fireplace and media center for the electronic buff. Entertaining with a grilling porch just off the kitchen. And of course, the master suite is enhanced with a ten-foot boxed ceiling and double French door entry into the master bathroom. The bathroom amenities include a large walk-in closet, glass shower, private toilet room, and whirlpool tub. Upstairs, three bedrooms and a full bathroom with plenty of linen closets make for a clutter free downstairs.
