Description

This striking Nelson Design Group home has a combination of stone and painted brick with copper architectural features making it the talk of the town. An arched entrance with a deep front porch and pairs of columns provides an elegant front entry. Once inside the foyer, the dining room is on the left with columns flanking its entrance while the great room is straight ahead. A sun room is located beyond the great room with access from a bedroom and the cozy screened porch. The spacious master suite features a 10' boxed ceiling with 2 walk-in closets while the master bath boasts a corner whirlpool tub and a corner glass shower. Downstairs you'll find a second kitchen that serves a game area and a massive gathering area, as well as a huge home theater and an optional bedroom. There's also plenty of storage space and a covered porch and optional patio. Finally, upstairs is a huge bonus area that offers lots of possibilities.
