Description

NDG 1498

A stunning addition to our Rustic House Collection, Crafton Place combines stone, brick, and shake siding to create a gorgeous curb appeal. Inside, an open floor plan concept and vaulted ceiling join the Great Room with the Kitchen to make one space. The large eat-at bar provides an outlet for friends and family to chat with the cook, and a walk-in pantry and plenty of cabinet space are sure to satisfy all your kitchen storage needs. The vaulted ceiling continues into the Outdoor Living Space, complete with a fireplace and outdoor grill, bringing the party with it. To the right of Crafton Place, you will find the spacious Master Suite, which enjoys private access to the Outdoor Living Space. The Master Bath has all the amenities you could ask for, including a whirlpool tub, corner glass shower with seats, and two massive walk-in closets. A half bath is located nearby,

along with the Laundry Room and entries to both garages. On the other side of the Crafton Place house plan, you'll find Bedrooms 2, 3, and 4, each with a walk-in closet. A Jack & Jill bath between Bedrooms 3 and 4 features dual vanities and a private toilet/shower room. All bedrooms have spacious walk-in closets, and the hall bath is also privately accessed from Bedroom 2. More space can be found upstairs in the large Bonus Room, full bath, and walk-in closet, perfect for a teenager in need of their own space. How would you customize this amazing house plan?
